

The way I have
started this
school year.

Prepared by Tolkushkin Dmitry

► I have started this school year later than others, because I have been to the Crimea.

▶ Our hotel was located next to the sea. My parents and I swam in the sea and played various sports and board games. The hotel had a mini-restaurant and a sports pitch.

▶ After visiting the Crimea, we went to Anapa. And there we also swam and played games. In Anapa the sea was dirty and there were seaweeds in the water. And in Anapa my parents and I tasted oriental cuisine. We drank tea with sugar of different colors. After that we fell asleep.

▶ The next day we hired the car and went to train station. We went to Saratov. I started school year 2020 great.
